## **KOSS COCHLEAR IMPLANT PROGRAM**

---

### **A Guide to Cochlear Implants: Use and Troubleshooting of Today's Technology**

**You are invited to attend an interactive session on use and troubleshooting of cochlear implants. Representatives from Advanced Bionics, Cochlear Americas, and MED-EL Corporation will review how to use the speech processors and provide troubleshooting tips and techniques.**

**Date: September 28, 2010**

**Time: 4:00- 6:00 P.M.**

**Location: 8700 Watertown Plank Road  
Community Conference Center  
Room 2**

**All educators and school staff working with children who have a cochlear implant(s) are invited to attend.**

**Please RSVP to Jane at 414-805-5586.  
We are sorry, childcare will NOT be provided.**
